Dear Mr. Wright,

Thank you for your phone call yesterday and the invitation to attend a sub-committee of the National Breast Study Committee on the important topic of 'Data Collection for Breast Screening'.

As discussed with you yesterday, I will be delighted to attend this meeting.

Enclosed please find 5 copies of the Data Sheets we are using for our Screening Programme. Some material in these forms requires explanation and certainly some of the data we have elected to collect for our own interest, rather than because it is essential to a Breast Screening Project. I am sure all these matters can be discussed fully at the meeting.

Dr. Ian Ring from Queensland, already has a copy of these sheets.

Thank you for your involvement of the Wesley Breast Screening Programme.

Yours sincerely,

Cherrell Hirst,
Medical Director,
The Wesley Breast Clinic.

With the Compliments of ...
